

Grand Hotel Rogaška | SLKI d.o.o. Child Safeguarding Policy

Our commitment

Management of the Grand Hotel Rogaška | SLKI d.o.o. stands for the protection of children from general and sexual exploitation.

We are aware of our position to help identify, prevent and report child exploitation and abuse occurring on or near hotel premises.

We are committed to following the five criteria of the codex:

- have policies and procedures in place against general and sexual exploitation of children;
- regular training of employees on the protection of children and minors from tourism-related sexual exploitation, including how to identify and report suspicious circumstances and incidents to local authorities or child protection agencies;
- increasing our guests' awareness of this issue with relevant information and guidance on how to report suspicious cases displayed on guest notice boards and in our guest room destination guides;
- be in constant dialogue with local authorities and child protection agencies in our destination;
- annual reporting on the implementation of the six criteria.
